This study provides principles and practice for clear, logical, and interesting presentations on paper, in person, and online.

Students will develop degree plans, which will serve as the structure for their studies at Empire State College. Students will write a series of essays documenting their college-level prior learning experience to be evaluated for credit as part of this process. This is only for students who have Ruth Goldberg as a primary mentor. All other students should plan to do Academic Planning with their own primary mentors. This study is for matriculated students.
